

Dear Friends,

It's that time of year again, time to put together our **Annual Community Directory**.

The Community Directory is used throughout the year by members and synagogue associates looking for businesses to patronize. Please show the businesses you solicit the Community Directory from last year. Ask everyone you do business with – retail businesses, professionals, restaurants, and entertainment venues. See the enclosed form for the ad sizes, prices and submission instructions. If you want you can email [steve@sewellinternet.com](mailto:steve@sewellinternet.com) for electronic copies of the form or to have the form emailed to a specific business.

An important feature in our community directory are the pages that honor our children and grandchildren and memorialize our loved ones. For those you wish to honor, please fill in the information for those pages below. Names are listed for \$5.00 per name (not \$5.00 per family). Additional names may be listed on back – please specify clearly which page they are for.
